Rother Street
22, how Rother Street could be improved if the space were divided into two by continuing the line of Wood Street by new buildings forming two smaller triangular spaces—a large one for the market (seen under the new building) and a small one with the memorial fountain sited.
23, Rother Street as it is now, seen from Wood Street.

Strength and Weakness
24, sturdy Victorian warehouse in Union Street.
25, ill-proportioned window in Bailey’s shop in Wood Street.
